2 - 4 NOVEMBER 2015
DURBAN INTERNATIONAL CONVENTION
CENTRE DURBAN, SOUTH AFRICA

The gateway to **evolve** Africa's ports and terminal development

"African Ports Evolution 2015 is an important event and plays a critical role in bringing key maritime stake holders together to discuss port issues and creates a vital platform for stakeholders to share knowledge and best practice across the African continent"
- HE. James Nxumalo, Executive Mayor, eThekweni Municipality & Keynote Speaker, African Ports Evolution 2015.

As Africa's largest and busiest port and with much of the city's economy and infrastructure based around its operation and use, we are delighted to welcome the **African Ports Evolution Conference & Exhibition** to the Durban International Convention Centre on 2-4 November.

Focusing on how to improve port operations and efficiencies, Africa Ports Evolution not only welcomes large delegations from our very own Transnet but also port authorities and terminal operators from across the continent- looking to learn from global leaders in improving their competitiveness.

With so many eThekweni businesses playing crucial roles in ensuring our port's competitiveness we have arranged an exclusive **25% discount** for local companies to attend the conference.

Continuing education, skills & technology transfer are critical to ensuring we continue to improve port and terminal operations. Join the 2 day conference:

- Hear case studies on port & terminal operations from across Africa and the globe
- Learn from experts on the latest innovations in automation, security, skills force development & operational processes
- Discover cutting edge technologies at the co-located exhibition
- Network with new potential business partners & clients at the cocktail reception
- Secure a spot on the interactive tour of our port (spaces limited- register today)

Remember to quote APEDCC when registering to redeem your **25% discount**. Contact Malvin Kane on malvin.kane@hypenica.com or 021 700 4300 to register or for more information.
