MAZARS BUDGET REVIEW AND TAX UPDATE 2016/2017

Friday, 26th February 2016

South Africa's economy stands at a dangerous precipice. Political turmoil and a weakening rand are placing immense pressure on the Treasury to take decisive action to prevent the country slipping into recession. Minister of Finance, Pravin Gordhan has the mammoth task of preparing a budget that takes all these challenges into consideration while maintaining tax revenue collections in a rapidly shrinking economy.

Join us as our experts help plan your next move by reviewing the 2016/2017 Budget to explain what the fiscus has in store for you and your business. Join us as our experts help plan your next move by reviewing the 2016/2017 Budget to explain what the fiscus has in store for you and your business. Di will also focus on some of the amendments made to the tax legislation in 2015 to ensure the implications, incentives and risks are clearly understood.
